4D 12D HIFU Machine Device For Skin Tightening

Model: BL-507

Non-invasive HIFU machine for skin lifting. Stimulates collagen production, no downtime. Safe for all skin types.

Parameter	Specification
Technology	High Intensity Focused Ultrasound (HIFU)
Treatment Depth	1.5mm, 3.0mm, 4.5mm, 8.0mm, 13mm
Target Areas	Face, neck, under chin, brow, body
Skin Type Compatibility	All skin colors
Treatment Effects	Skin lifting, tightening, collagen stimulation, wrinkle reduction
Downtime	None
Invasiveness	Non-invasive
Transmitter Types	Multiple with different energy levels
Professional Depth	Up to 4.5mm (SMAS layer)
Home-use Depth	Up to 2.5mm-4.5mm (dermis layer)
Alternative Names	Non-surgical face lift, lunchtime face lift
Suitable For	All ages, both men and women

4D 12D HIFU Machine Device For Skin Tightening

: BL - 510

Non-invasive HIFU device for fat reduction. 8 cartridges, energy. Painless, no downtime

Parameter	Specification
Voltage	110V - 240V 50Hz - 60Hz
Power	100W
Cartridge Number	1.5mm/ 3.0mm/ 4.5mm/ 6mm/ 8mm/ 10mm/ 13mm/ 16mm
Cartridge Shots	one cartridge with 20,000 shots
Energy	0.2J - 3.0J (Adjustable: 0.1J/step)
Distance	1.0 - 10mm
Length	5.0 - 25mm
Frequency	4 MHz
HIFU Host Size	36cm* 28cm* 10cm
Gross Weight	13KG
Packing Size	44* 21* 63cm
